Mission

Our Mission

All Star Code closes the racial wealth gap and addresses the digital divide by creating economic opportunity for young men of color and supplying them with the tools needed to succeed in the innovation economy.

The Issues

Economic Inequality

- In the wake of the COVID-19 pandemic, at-risk populations are experiencing high levels of unemployment
- Low wage workers are more susceptible to job loss due to increased automation

The Digital Divide

- Households making \$25,000 or less have a broadband adoption rate of 47% (compared to 92% of households over \$100K)
- People with advanced IT skills earn higher salaries

Access to Opportunity

- Black workers comprise 12% of the labor force, but represent 15% of workers who lack digital skills
- Latino workers represent 14% of overall workers, and a staggering 35% of workers who lack digital skills

Our Solution and Approach

Code + Entrepreneurship

- All Star Code provides one year's worth of collegiate-level computer science training in 6 weeks
- Our students enter the program in high school to generate interest in a career in tech
- The curriculum focuses on entrepreneurship and leadership skills to inspire the next generation of founders

Community

- All Star Code has developed a brotherhood centered on an interest Computer Science
- Our culturally-relevant pedagogy and virtual instructional design reaches communities most at risk to job loss in a service-based economy

Access to Opportunity

- All Star Code has seen over 1,000 students graduate its 6-week program
- Our Scholar Services connect these students with further education in Computer Science, internships, and job opportunities

AllStarCode*

an investment in the future of tech

What is the Summer Intensive?

All Star Code's Summer Intensive (SI) program is a **FREE** 6-week course that introduces students to computer science fundamentals, essential web development skills, an entrepreneurial mindset, plus leadership and professional development skills. It also introduces a network of peers interested in a community centered around STEM.

Gaining a **GROWTH MINDSET** through Computer Science

- 6-week Summer education program (July 11, 2022 - August 19, 2022)
- Current & rising high school-aged young men of color
- Program is free to all qualified students
- Students receive free laptops, wi-fi access, and headphones!

90 Computer Software Program Hours + 20 Core Skills Hours

- Project-based virtual learning of computer science and coding + web development
- Industry exposure via guest speakers, partner programming sessions & weekly mentorship sessions with industry professionals, leadership & soft skills training, and more
- Ongoing support for students via office hours 5 times per week
- Students develop an original product idea for presentation to corporate partners at our Demo Day
- Students receive a Certificate of Completion

All Star Code Summer Intensive Impact

- Our programs impact young men of color. From our student survey data -- 52% identified as African American, 26% Latino, 18% Asian, and 4% other.
- 55% of our 18+ Scholars are first-generation college students
- 96% feel more confident in Computer Science after our Summer Intensive
- 66% of All Star Code Scholars created their own business or project after completing the Summer Intensive
- 93% of admitted students graduated from the 2021 Summer Intensive program
- More than half of our students reported
 - Less anxiety towards computer science
 - Increased personal growth
- Our students pay it forward: 56% of 2021 Summer Intensive staff were returning All Star Code Scholars
- 85.2% of respondents are more likely to pursue tech after attending the Summer Intensive
- 93.2% of respondents feel more confident with the concept of taking risks

Partnership Opportunities

1

Summer Intensive Cohort Sponsorship

Invest in a \$200,000 sponsorship in All Star Code's 6-week Summer Intensive coding program that includes options for speaking engagements, mentoring, and employee volunteer opportunities.

2

Scholar Services Programming

Partner with All Star Code for your DE&I initiatives by sponsoring programming for our network of students ranging from high school-aged Scholars, college students to those entering or engaged in the workforce.

3

Diversity Recruiting

Raise awareness for employment opportunities within your company and highlight internship openings for our talented students.

Scholar Services programming (2022)

1000+
Scholars to date
